LinkedIn: **linkedin.com/in/nikhil-tiwari-261643606**   GitHub: **github.com/nikhil19tiwari**

PROFESSIONAL SUMMARY

Experienced Java backend developer with a solid foundation in object-oriented programming, data structures, and algorithms. Proficient in Java frameworks like Spring and Hibernate, with hands-on experience in developing scalable microservices and cloud-native applications. Passionate about building clean, efficient code and providing solutions that enhance user experiences.

SKILLS

- Core Java, Advanced Java
- Spring Framework (Spring MVC, Spring Boot, Spring Data JPA,SPring Rest)
- Data Structures and Algorithms (DSA)
- JDBC, Hibernate, RESTful APIs
- Microservices Development
- Version Control with Git, GitHub
- Database Management (MySQL, PostgreSQL)
- Agile Methodology, SCRUM

EDUCATION

Bachelor of Science: Information Technology   Expected in 2025-03

Smt KI Tiwari Degree College, Mumbai

CERTIFICATIONS

Java with DSA and System Design

Building Microservices in Java for Cloud

PROJECT LINKS

1. Billing and Inventory Management: A system that streamlines inventory tracking and billing processes, ensuring efficient and accurate management. Built with Spring Boot, it offers scalable solutions for modern businesses.

2. Online Banking System: Developed an online banking application using Spring Boot, facilitating secure account management and seamless transactions with user authentication features.

HOBBIES & INTERESTS

I enjoy solving competitive programming challenges, contributing to open-source projects, and exploring cloud-native architectures. In my free time, I like playing cricket and reading books on software architecture.
